4 X 32 OZ SPECIAL PERMIT PACKAGING

Dangerous Goods' Special Permit Packaging, DOT-SP 9168, can be used to ship Packaging Groups I, II, or III materials by all modes of transport. Our DOT-SP 9168 packages are 4GV rated and allow you to use your own inner containers or ours. No hazard labels or placards are required for domestic shipments! Our DOT-SP 9168 Special Permit Packaging kits are equivalent to DOT-SP 8249, DOT-SP 10672, DOT-SP 10977, DOT-SP 13355, and DOT-SP 11248.

HMS-68500

HMS-66200 PREVIOUS DESIGN

HMS-68500 NEW DESIGN

NEW DESIGN EFFICIENCIES

- New design ships 30 cases per pallet – **50% more than previous design**
- Smaller environmental footprint using less corrugated material
- 2 new variables for shipping
- Tested with glass wide mouth bottles
- HMS-68501 and HMS-68502 tested with vermiculite
- Smaller dimensional footprint and weight reduces shipping costs via FedEx® and UPS

For more than 35 years, Dangerous Goods, a division of Berlin Packaging, designs, assembles, helps certify, and supplies UN-rated and temperature-controlled packaging systems. Our proven approach finds creative ways to minimize your risk and enhance your bottom line through compliant packaging choices. Our mission is to create quantifiable results for you by growing YOUR sales, decreasing YOUR costs, and improving YOUR productivity.
